

ABOUT US

THE JAGRAM COMPANY

For over two decades, Jagram has been designing, manufacturing and distributing high-quality timber garden products. We pay close attention to customers' needs and our mission is to consistently fulfil all of them.

DESIGN

The design of our products is based on close cooperation with the best architects, designers and timber engineers. Their combined knowledge allows us to create products of innovative shape and form.

ECOLOGY

Jagram products conform to the regulations of the FSC® and PEFC® (Programme for the Endorsement of Forest Certification), an international network established to promote responsible management of the world's forests.

RELIABILITY

Over the years we have cooperated with many companies all over the world. Jagram's 20 years of hands-on experience in the timber market and its thousands of satisfied customers speak for themselves.

JAGRAM VEGGIE ACCESSORIES

Folding front/side shelf

These durable side shelves enable serious growers to maximize their work space. Featuring heavy-duty folding supports, they provide a convenient, easy to lift, lock and release side shelf or work surface. Keep your vegetable growing accessories close by at all times! Our shelves are constructed of durable material for heavy-duty use and long life.

Veggie greenhouse cover

A spacious greenhouse frame with a heavy duty PVC cover – custom made for Jagram Veggies. Our covers enable you to prolong the growing season and thus produce larger harvests. Greenhouse covers not only protect plants from insect, pests and frosts, but also accelerate growth. Made from high-quality materials, our covers are built to last and also look great!

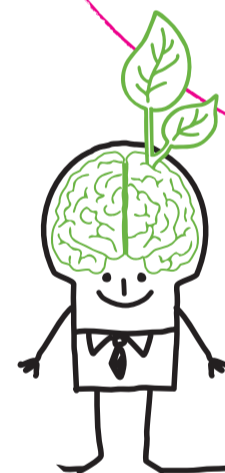

THE MAIN FEATURES OF JAGRAM VEGGIES ARE:

- the "grow your own" concept
- a height of 90 cm for easy access & comfortable working position
- waterproof inserts (high quality linings)
- a drainage system for excess water
- easy assembly (with a step-by-step manual)
- a complete set of fixings included
- ease of mobility (with optional wheels)
- a practical shelf for storing tools
- flat package made of 5-layer cardboard

Wheels (with brakes)

We use only the highest quality wheels and castors to guarantee excellent mobility. These units are specially constructed to ensure high durability, with rubber tyres for noiseless operation, sturdy enough to operate on all surfaces. There is a choice of standard wheel or a version with a front-mounted brake that locks both the wheel and its swivel action.

- Large: 90 (H) x 70 (D) x 100 cm (W)
- Medium: 90 (H) x 50 (D) x 80 cm (W)

Home & business

Jagram Veggies are suitable for home & garden but will equally enhance any commercial space. Imagine restaurants serving fresh cut herbs growing in Veggies right next to the customer's table! Cold beverages served straight from a Veggie? No problem – a Veggie also makes an ideal cooler; just add some ice and use it to store bottles. The Jagram Veggie can be put to a whole range of uses, limited only by your imagination!

About Spruce

Our products are manufactured from slow-growing Northern European Whitewood, that ensures durability. Jagram Veggies are handmade, using raw materials from quality suppliers and finished to the highest standards. The very best timber treatment is employed to ensure long life.

About Larch

The luxury Veggies are made of high grade European Larch, valued for its durability and fine colour. To ensure an exclusive appearance, larch products are coated with a high-quality varnish. Its colour vary from light reddish to golden browns, once weathered it changes to a beautifully consistent silver.
